

Staying Connected with Campus Services

THANK YOU to all Campus Services employees who participated in the latest DEI engagement sessions. We continue to make great progress and will soon communicate our next steps. Meanwhile, it's awesome to have so many staff recognized in this week's newsletter. Fantastic job, everyone!

A special thanks to Custodian Allen Severance and Quality Assurance Coordinator Laurie Tostenson for sharing these beautiful photos.

Staff Kudos

"I want to let you know that Ethan Hudson, who is tasked with facilities troubleshooting and maintenance at the Hood, is doing an outstanding job. Ethan is conscientious, responds promptly to my questions about building issues, informs me of issues that I'm not aware of, thinks ahead to prevent systems problems, and is very energetic and proactive in his approach. It is very reassuring to me, as the person managing the security of the art collection housed at the museum, to know that Ethan is on our team, and can effectively problem-solve issues that could put the collection at risk. We are lucky to have him and grateful for all his work on our behalf."

Steve Perkins
Security/Buildings Manager, Hood Museum

To Paul White, Science Facilities Building Maintenance Worker in Burke...

"It was lovely to see you this morning, as always, you greeted and worked with a smile. Thank you for addressing the sensors of the main office lights, Burke 102. The lights have not gone off since I saw you this am at 06:40. Since it is 07:20 now and the lights are still on, we have a winner.

Our department greatly appreciates all you do for us. You are quick to assist in any way you can, no matter what. You are always professional and kind to all, faculty, staff, students, so thank you!"

Michelle Swanson
Chemistry Department Administrator

Friendly Reminders

March 30 – On-campus booster clinic from 9am-7pm at Alumni Hall. Please register in advance at <https://www.axiom-vaccinevault.com/CommunityInviteSelfReg?customerid=77156>.

March 31 – Deadline to submit 2021-incurred claims for reimbursement from your Health Care Flex Spending Account.

April 1 – Join us at '53 Commons for a \$5 meal (breakfast, lunch or dinner, depending on your shift). *Remember: cash is not accepted, so bring your Dartmouth ID and a credit or debit card, or put money on your ID card.*

April 2 – Annual Pond Skim at the Dartmouth Skiway.

Spring Barbeque!

Our Culture of Caring Committee is pleased to announce a spring barbeque to be held May 12 from 11:30am - 2pm. Events for all three shifts will be hosted by Blood's Catering with delicious food including pulled pork sliders, beef brisket, BBQ boneless chicken breasts, grilled vegetable kabobs and much, much more! More details and location will follow, but mark your calendars now!

How to Add \$ to Dart ID Card

Please note that cash is not accepted at any Dartmouth dining facility. However, it's easy to purchase meal plans with dollars put on your Dart ID card. This can be done via the [GET](#) website. Through GET, funds will be auto-deducted from the balance on your card every time you purchase a meal.

More details are available on the [Dart-Card Office](#) website. Credit and debit cards may also be used to purchase meals at all dining facilities.

Staying Connected with Campus Services

Staff Kudos!

.....

"A huge THANK YOU to Painter Darren McGowan! I can't say enough how much we appreciate Darren for his work here at Tuck! His dedication and the care he takes of all Tuck Facilities goes unsurpassed! His fine workmanship and painting skills are showcased throughout all of Tuck, he takes pride in his work and truly cares about the outcome. Darren is very personable and funny and always goes the extra mile, and everyone loves him! Darren is always a team player he jumps right in and helps wherever needed, we are so lucky to have him here at Tuck and I can't imagine Tuck without him! Please share, thank you!"

Shelley K. Wirasnik
Events & Facilities Director, Tuck School of Business

"I've seen some of your staff out picking up trash around campus and I just wanted to say they are doing a great job. Transitioning from winter to spring is always a messy time of the year on campus and the work they are doing makes the campus look 100% better. A sincere "Thank You" and a "Job Well Done" to all of those involved."

Randy S Brown
Event Coordinator, Conferences and Events

"From faculty in all our schools who have adapted classroom and lab experiences to staff in [FO&M] who've kept spaces clean, getting through this winter has been a team effort. Thank you for everything you've done to keep the Dartmouth community safe and healthy."

See the video, "[To Dartmouth Faculty and Staff: Thank you](#)".
From the Communications Office

*"I just wanted you to know that [Kevin Noyes who does] custodial work on the fourth floor of Silsby is doing a fantastic job!
Thank you so much."*

Julie Gilman
Anthropology department administrator

"I am writing to express by gratitude and thanks for Work Process Administrator Michelle Kekevian's help!

I am working with a student who has some significant health issues and is on campus over break. Earlier in the week, I contacted Res Ops and the Sustainability Office to see if I could find a microwave for this student's room. Michelle could not have been more gracious and kind!! She said if Sustainability didn't have any she would see what she could do, and by the next morning, there was a microwave found, and being cleaned up! Michelle also offered to have it delivered to the student's room. I know the student is grateful, and having the microwave will make life better for her.

Thanks to Michelle (and her team) so very much, for doing good!!"

Beth Rosenberger
Dietitian/Nutritionist, Dartmouth Dining
