Deo Mwano Consulting has been working with the Council to facilitate in-depth discussions on areas of focus based on the survey data and one on one listening sessions performed over the course of 2021 and 2022.

As part of our work, the DEI Council created a **Belief**, **Mission** and **How** Statement to help keep us focused on the work ahead.

Belief: We believe in providing a safe space where all are accepted, respected, valued and able to excel.

Mission: The mission of our Diversity, Equity, and Inclusion Council is to create, support and foster a unified community promoting a culture of Vulnerability, Empathy, Respect, Inclusivity, Consideration, Dependability, and Fairness.

How Statement: We represent all Campus Services employees and support the DEI initiative by providing the opportunities, tools, and resources to proactively bridge gaps and promote accountabilities for all 7 Principles.

Sam Brown, from custodial services, and Gary Graser, from DDS, are our inaugural year co-chairs.

Staff Kudos

"I am writing to let you know how impressed we were with Kristen Post, Dining Catering and Support Services supervisor, and her team LeeAnn [Triplett], Chris [Robbins], Erin [Clark] and the entire dining crew at 53 Commons. The week before last, we hosted the prestigious Linux Clusters Institute on campus. It was a week-long, extremely intense learning session in which 50 participants from around the world gathered here at Dartmouth....

From the beginning, Kristen expertly guided us at every stage of planning and implementation of this event. She helped us determine the most efficient way to feed over 50 people for breakfast, lunch and snacks for five days. Her knowledge and ability to respond to our needs was outstanding. She was friendly, professional and embraced "excellent customer service". She was able to adapt to our needs and made it look effortless, and we all know it is not.

Kristen and your amazing staff went above and beyond, we truly wanted for nothing!

Christian [Darabos, Sr. Director, Research Computing] and Leslie [Kelton]"

Kristin Post added, "the storeroom team worked diligently to get everything where it needed to go, and culinary knocked the socks off of our guests." Way to go, team!
