**Campus Connector** – From morning to night, we’re now providing a level of service that someone coming from more urban environments, who’s used to taking public transportation, might expect to find,” says Patrick O’Neill, director of transportation services. Expanding Campus Connector bus service has several stops in the core campus with spur service to Summit on Juniper and Sachem Village. When used in conjunction with Upper Valley service provided by Advance Transit, our students, staff, and faculty are able to get dependable rides around campus, commuter service to surrounding communities, and convenient access to shopping centers. Track Dartmouth Campus Connector buses at <https://maps.trilliumtransit.com/map/feed/dartmouth-vt-us> and Advance Transit buses at [AdvanceTransit.com](https://www.advance-transit.com).

Greetings Haldeman/Kemeny custodial leads,

Linda Baker mentioned that you are the current shift leads for the custodial crews in Haldeman / Kemeny these days.

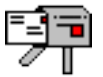

Thank you for the work that you and your teams do on a daily basis to make these spaces - where so many people work, study, and gather for meetings and events - clean, safe, and welcoming. The work you do makes a positive difference in the everyday lives of everyone on the Dickey Center team. We appreciate you!

I just wanted to reach out to say, "Hi," and wish you a happy Friday, on behalf of the whole Dickey Center team.

Warmly,  
Kate

Subject: Kudos to DDS!

“Kudos to DDS for their excellent service to the Fairchild Cluster on 8/1/23! We inquired about renting a freezer for an ice cream social event and within a day, it was all worked out. On the day of the event, we brought them the ice cream to load the freezer and it was delivered without a hitch to the BEMA for our event. It couldn’t have been easier- thank you, DDS!”
