

Campus Services Newsletter July 28, 2023

The recent flooding impacted countless homes and businesses in the Upper Valley.

As always, Campus Services steps up when there is an emergency to assure operations across campus are not impacted.

Recently, everyone received an email from Human Resources regarding the flooding. If you were impacted by the flood or if you want to volunteer to help, [Click here for more information](#).

What has a Direct drive motor and is virtually maintenance-free with typical bearing lifetimes of L-10 100,000 hour? And calls for only 2 ounces of grease every 18 months?

Susan Desjardins has been with Dartmouth since January 2023. Susan is a member of the DEI committee and when at work she is always finding projects. If its shining brass, organizing closets or burnishing floors. Susan is a great team player and is always willing to help her fellow custodians.

Rebecca Godfrey
FO&M Custodial Supervisor

“Many cultures, one community. At Dartmouth, differences are embraced and ideas are challenged. Our diverse community of students, faculty, and staff come together to share perspectives, learn, and grow.”

As Campus Services' Project Management Services Department grows as a result of the volume of new projects, Campus Services had to find a new a location where the whole team could come together under one roof. An opportunity arose when Network Services relocated from the first floor of 4 Currier into the second floor IT Suite. After Network Services relocated, we noticed that the carpet was not in good condition.

The secondary goal of the move was to make it efficient (low cost) and quick. Network Services moved out July 1st and the Project Management Services Team had a move in date of July 10th. Replacing the carpet was not an option. REO called Larose St. Jean and he worked with his team leader for REO, Josh Thomasson to see if a carpet cleaning crew could be arranged for the weekend of July 8th. The whole team came together with cleaning equipment and fans from Don White and the REO maintenance team. When we returned on Monday, the space was dry and ready for move in!

REO and Project Management Services are grateful to the entire REO Custodial Team for stepping up and getting this special service complete.

Daniel J. Justynski, Director of Real Estate

Thank You

Chad Morig from Project Management Services is keeping the Hopkins Center expansion on schedule.

[Read all about it.](#)

A construction worker sprays water to reduce dust during demolition last month at the Hopkins Center for the Arts, which is undergoing a major expansion and renovation. *(Photo by Chad Morig)*

On July 21st, Dartmouth Printing and Mailing, DPMS hosted an Open House in our new to us facility at 100 Whaleback Mountain Road in Enfield, New Hampshire.

A huge **THANK YOU** to DDS for the exquisite food and gorgeous presentation and to everyone that took time out of their day to stop by.
